Meeting Minutes: Approved

Old Business:

Pandemic Drill: February 4, 2009 was our last planning meeting. Meeting minutes will go out to the group when ready. We need to adjust our objectives we feel that we need to scale down on the scope of the TTX . The process is a discussion based scenario to create a plan that will work for our members. The plan that we come up

with and will then be used as our drill in May. Discussion of how important it is to get the BOH departments on board for not only the TTX and drill but for their role in future events. Suggestion was made to have a presentation to the Town boards on the possible numbers of not only sick people but possible numbers in death.

Mission Statement: Any thoughts and idea's should be sent to John and we will address at our April meeting.

Regional CERT: Per Lt. Curboy nothing has been done on this and it is postponed.

Next Scheduled Meeting: Motion was made and voted to reschedule our next meeting to Feb. 3, to give us time to finish up last minute details for the TTX.

Website: Discussion on how to come up with funding for the maintaining of the website. Carl will contact the CMRCH and find out if we can apply for the current grant funds for \$2500.00 (\$1500.00 for the Web page costs & \$1000.00 for the Community outreach and literature). Ralph has taken pictures and will select some for the website.

New Business:

Regional Dive Team: Chief Pervier brought up that the towns are going to meet and try to write a grant for funding to apply to CMRLCR.

Meeting adjourned @ 10:20

***Next Meeting: Tuesday March 3 @ 0800 hours
Masonic Health System***
